DETAILED ACTION

Allowable Subject Matter

Claims 1-22 are allowable.

The following is an examiner's statement of reasons for allowance: Upon conclusion of a comprehensive search of the pertinent prior art, the Office indicates that the claims are allowable. Patentability exists, at least in part, with the EMC sealing device disposed between the housing bezel and the cassette housing, the EMC sealing device configured to provide a movable EMC seal proximate the cable opening while still allowing airflow therethrough while covering a portion of the cable opening created between the housing and the housing bezel upon translation of the bezel. The prior art, alone, or, in combination, does not teach or suggest at least the above limitations of the claimed invention in the manner as claimed by the Applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dameon E. Levi whose telephone number is (571) 272-2105. The examiner can normally be reached on Mon.-Fri. (9:00 - 5:00).
